Dr. Jane E. Henney, Commissioner  
Food and Drug Administration  
5600 Fishers Lane, HF-1  
Rockville, MD 20857

Dear Commissioner Henney.

Like many Americans, I am particular about the safety of the food I choose to eat. I believe it is my right as a consumer to know if the food I am eating has been genetically altered. Such foods pose unknown risks to the environment, to family farmers, and to my health and the health of my family.

In May, a lawsuit was filed challenging the FDA's policy not to require labels on transgenic foods. I am writing in support of the demands of this lawsuit for safety testing and complete and prominent labels. Consumers should not be made unknowing guinea pigs in the industry's experiments with potentially dangerous foods. I am eager to hear that the FDA is living up to its mandate to protect public health and will provide consumers with the information we need about the food we eat.

Sincerely,

Name

Sandra Storwick
